PROFESSIONAL SUMMARY

Senior Full Stack Web Developer with 5+ years of experience building secure, high-performance web applications. A First Class graduate in Cyber Security Science from the Federal University of Technology, Minna; one of two students to achieve this in Nigeria's pioneer Cyber Security Department. I integrate advanced security principles into full-stack development, delivering scalable and user-centric solutions. As the founding president of the NYSC Do Deel (Mind the Gap) CDS group in Ogbomosho North, I expanded membership from 2 to over 50 and empowered 100+ youths through digital and leadership initiatives.

SKILLS

- **Web Development:** HTML5, CSS3, JavaScript, TypeScript, React.js, React Native, Next.js, Express.js, Tailwind CSS, MongoDB, State Management (Context API, Redux, Zustand), Web Testing (Jest, React Testing Library), Web Performance Optimization
- **UI/UX & Product Design:** Wireframing and Prototyping (Figma), User Research, Usability Testing, Market Research, Responsive Design, Accessibility Standards (WCAG), A/B Testing, Collaboration with cross-functional teams
- **Cybersecurity:** Python, Penetration Testing, Threat Management, Network Security, Vulnerability Assessment, and GRC Consultation
- **DevOps & Technical Skills:** CI/CD, Version Control (Git), Agile Methodologies, Database Management (SQL, NoSQL), Linux (Ubuntu, Kali, Parrot), and Cloud Platforms (Google Cloud)

LEADERSHIP & ACCOMPLISHMENTS

- **Published Article:** [Development of Hash-Based Multi-Factor Password Generating System, FUOYE Journal of Engineering and Technology](#)
- **President:** Do Deel (Mind the Gap) Community Service Development for Ogbomosho North Local Government, Oyo State - September 2023 to July 2024
- **Vice President:** Do Deel (Mind the Gap) Community Service Development for Oyo State - September 2023 to July 2024

WORK EXPERIENCE

Senior ICT Specialist & Full Stack Developer

Harvard Polytechnic Ilorin, Kwara State | May 2024 - Till Date

- Led the **migration of the institution's website** from WordPress to a scalable **Next.js platform**, integrating Paystack for online applications and payments.
- Designed and deployed a **comprehensive academic management portal** for applicants, students, staff, and administrators, automating admissions, payments, and result management.
- Executed **data migration** of student records and results from legacy systems, ensuring accuracy and continuity of operations.

- Standardized digital collaboration by implementing **Google Workspace for Education**, granting access to Figma Education, GitHub Student Pack, and institutional emails.
- Initiated **Wi-Fi access and practical programming classes**, enhancing students' digital literacy and access to modern learning tools.

IT Officer

Gamut Security and Escort Services Limited, Ogbomosho, Oyo State | November 2023 - April 2024

- Introduced the use of fuel dockets, effectively curbing fuel theft and improving accountability.
- Led the development of an internal inventory management system, transitioning the company from a manual paper-based process to a digital solution, enhancing operational efficiency and reducing errors.
- Optimised the digital presence across platforms, resulting in a **50%** increase in online interactions and ensuring **98%** uptime through proactive troubleshooting of hardware and software issues.

Full Stack Developer (Frontend Heavy)

Binary Computers Nig. Ltd, Minna, Niger State | July 2018 - November 2023

- Pioneered the development of dynamic web applications using the **MERN** stack and **APIs**, resulting in a **40%** increase in user satisfaction and a 30% reduction in load times through optimised performance.
- Implemented user authentication and authorization protocols with **Node.js**, conducted unit tests, and delivered cybersecurity training, improving staff compliance with security policies by **60%** and significantly reducing phishing incidents.

Computer Operator

Longman Technology, Minna, Niger State | September 2016 - June 2018

- Resolved hardware and software challenges efficiently, contributing to a **95%** system uptime and enhancing overall operational efficiency.
- Conducted training sessions on computer usage and software applications, resulting in a **40%** improvement in user proficiency and satisfaction ratings.

Receptionist

Banfield Guest House, Umca Theology School, Ilorin, Kwara State | October 2015 - August 2016

- Utilised IT systems to efficiently manage customer inquiries and resolve **90%** of issues on the first call, enhancing guest satisfaction and communication effectiveness.
- Maintained accurate customer records through diligent data entry, ensuring **100%** data accuracy and improving operational efficiency by **30%**.
