PROFESSIONAL SUMMARY

Senior Full Stack Web Developer with 6+ years of experience building secure, scalable, and high-performance web applications. **First-Class graduate in Cyber Security Science from the Federal University of Technology, Minna**, one of two students to achieve this distinction in Nigeria's pioneer Cyber Security Department. Highly experienced in **React.js, Next.js, Node.js, MongoDB, PostgreSQL**, modern frontend architectures, and cybersecurity best practices. Skilled in **Monorepos, server-state management (TanStack Query, SWR), advanced React patterns, performance optimisation, testing, and CI/CD pipelines**. Proven ability to **lead teams, architect applications, optimise performance, and integrate security principles into software development**. Strong communicator and problem-solver, with **leadership experience as founding president of the NYSC Do Deel (Mind the Gap) CDS group**, expanding membership from 2 to 50+ and empowering 100+ youths through digital and leadership initiatives.

SKILLS

Web Development & Frontend

- **Frontend Frameworks & Libraries:** React.js, React Native, Next.js
- **Languages & Styling:** TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS
- **State Management:** Redux, Context API, Zustand
- **Server-State & Caching:** TanStack Query, SWR
- **React Patterns:** Custom Hooks, Render Props, HOCs, Suspense, Concurrent Mode
- **Performance Optimisation:** Lazy Loading, Code Splitting, Lighthouse Audits, Web Vitals
- **UI/UX:** Figma, Wireframing, Prototyping, Responsive Design, Accessibility (WCAG), Usability Testing

Backend & Architecture

- **Backend Frameworks:** Node.js, Express.js
- **APIs & Communication:** RESTful APIs, GraphQL, Apollo Server/Client
- **Databases:** MongoDB, PostgreSQL
- **Data Engineering:** Data Modelling, Aggregation, Indexing, Query Optimisation
- **Authentication & Authorisation:** JWT, OAuth2, RBAC
- **Architecture Patterns:** Microservices, Serverless fundamentals
- **Monorepos:** Nx, Turborepo, Yarn Workspaces

DevOps & Cloud

- **CI/CD:** GitHub Actions, Vercel, Netlify
- **Version Control:** Git, branching strategies, pull request workflows
- **Containerisation:** Docker, Docker Compose
- **Cloud Platforms:** AWS, Google Cloud

Cybersecurity

- **Security Engineering:** Secure coding best practices, application security
- **Offensive & Defensive Security:** Penetration testing, threat management, vulnerability assessment

- **Network & Risk:** Network security, GRC consultation
- **Scripting & Automation:** Python scripting

Leadership & Soft Skills

- **Technical Leadership:** Mentoring juniors, code reviews, architecture design
- **Delivery & Process:** Agile/Scrum, sprint planning, backlog management
- **Communication:** Stakeholder engagement, cross-team collaboration, technical documentation
- **Personal Effectiveness:** Time management, analytical thinking, problem-solving, strategic decision-making

LEADERSHIP & ACCOMPLISHMENTS

- **Published Article:** [Development of Hash-Based Multi-Factor Password Generating System, FUOYE Journal of Engineering and Technology](#)
- **President:** Do Deel (Mind the Gap) CDS, Ogbomosho North LG, Sep 2023 - Jul 2024; grew membership from 2 to 50+
- **Vice President:** Do Deel (Mind the Gap) CDS, Oyo State, Sep 2023 - Jul 2024

WORK EXPERIENCE

Senior ICT Specialist & Full Stack Developer

Harvard Polytechnic Ilorin, Kwara State | May 2024 - Present

- Migrated the institution's website from **WordPress to a Next.js monorepo**, optimising code reuse, modularisation, and maintainability.
- Integrated **Paystack API** for online applications and payments, improving payment success rates by **35%**.
- Designed and deployed a **comprehensive academic management portal** automating admissions, payments, and results management.
- Executed data migration of student records and results from legacy systems to **PostgreSQL and MongoDB**, ensuring data integrity.
- Implemented **TanStack Query for server-state management**, optimising API calls and reducing client-side latency by **40%**.
- Standardised digital collaboration via Google Workspace, granting access to **Figma Education, GitHub Student Pack, and institutional emails**.
- Enforced **best practices for React component design, accessibility, and performance**, including lazy loading, code splitting, and web vitals monitoring.
- Mentored junior developers and conducted **code reviews**, raising development standards across the team.

IT Officer

Gamut Security and Escort Services Limited, Ogbomosho, Oyo State | November 2023 - April 2024

- Developed an internal **inventory management system**, digitising manual processes, reducing errors by **70%**.
- Introduced **fuel docket tracking system**, curbing theft and improving accountability.
- Enhanced the company's digital presence, increasing **online engagement by 50%** while maintaining **98%** uptime.

Full Stack Developer (Frontend Heavy)

Binary Computers Nig. Ltd, Minna, Niger State | July 2018 - November 2023

- Built dynamic web applications with **MERN stack** and REST/GraphQL APIs, increasing user satisfaction by 40% and reducing load times by **30%**.
- Implemented **authentication & authorisation protocols**, improving security compliance by **60%**.
- Participated in **Monorepo setup and modularisation**, enabling code sharing across projects.
- Introduced **unit and E2E testing (Jest, React Testing Library, Cypress)**, improving release reliability.
- Implemented **performance optimisation strategies**, including lazy loading, code splitting, and monitoring web vitals.

Computer Operator

Longman Technology, Minna, Niger State | September 2016 - June 2018

- Resolved hardware and software challenges efficiently, contributing to a **95%** system uptime and enhancing overall operational efficiency.
- Conducted training sessions on computer usage and software applications, resulting in a **40%** improvement in user proficiency and satisfaction ratings.

Receptionist

Banfield Guest House, Umca Theology School, Ilorin, Kwara State | October 2015 - August 2016

- Utilised IT systems to efficiently manage customer inquiries and resolve **90%** of issues on the first call, enhancing guest satisfaction and communication effectiveness.
- Maintained accurate customer records through diligent data entry, ensuring **100%** data accuracy and improving operational efficiency by **30%**.

EDUCATION

B.Tech, Cyber Security Science

Federal University of Technology, Minna | 2023

First Class Honours

CERTIFICATIONS

Full Stack & Dev

- Apollo GraphQL Developer - Associate | Apr 2023
- MongoDB University: M150 Authentication & Authorisation | Sep 2021

UI/UX

- UI/UX Design, Forma | Mar - Aug 2024

Cybersecurity

- Junior Cyber Security Analyst Career Path - September, 2024
 - Ethical Hacker
 - Cyber Threat Management
 - Network Defense
 - Endpoint Security
 - Networking Devices and Initial Configuration
- Introduction to Python | Global AI Hub | Sep 2021

Project & Management

- Management and Strategy Institute
 - Project Management Essentials Certified (PMEC)™ | Oct 2025
- Health, Safety, and Environment Level 1 & 2 | La Plage Meta Verse | Jun 2024

- Human Resource Management (HRM) | Obafemi Awolowo University Consultancy Services Centre | Jun 2024
- Fundamentals of Digital Marketing | Google Digital Academy (SkillShop) | Feb 2024
